# Disinfection Air Sanitizing Fogger

**High  
efficiency  
antivirus**

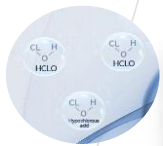

**Highly effective  
antibacterial**

## Sterilizer air disinfectant virus killer

The mist of hypochlorous acid with strong oxidizing property is attached on aerosol/dust particles to effectively eliminate viruses

**Sterilizer Rate 99.9%**

### In Public

Public places contain lots of bacterium

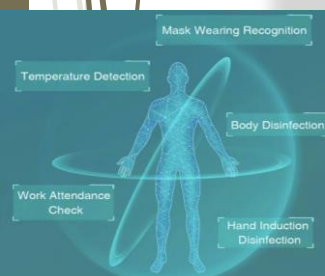

### Kindergarten

baby crawling gives more opportunities for bacterium to invade

### Every living corners

bacteria hide within outerwear

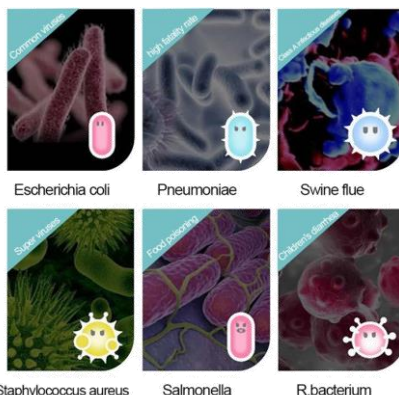

## Sterilizer air disinfectant virus killer

- 1, Large water injection port,
- 2, Muffler
- 3, Easy handle
- 4, Turbine fan
- 5, Water shortage protection
- 6, Active filter

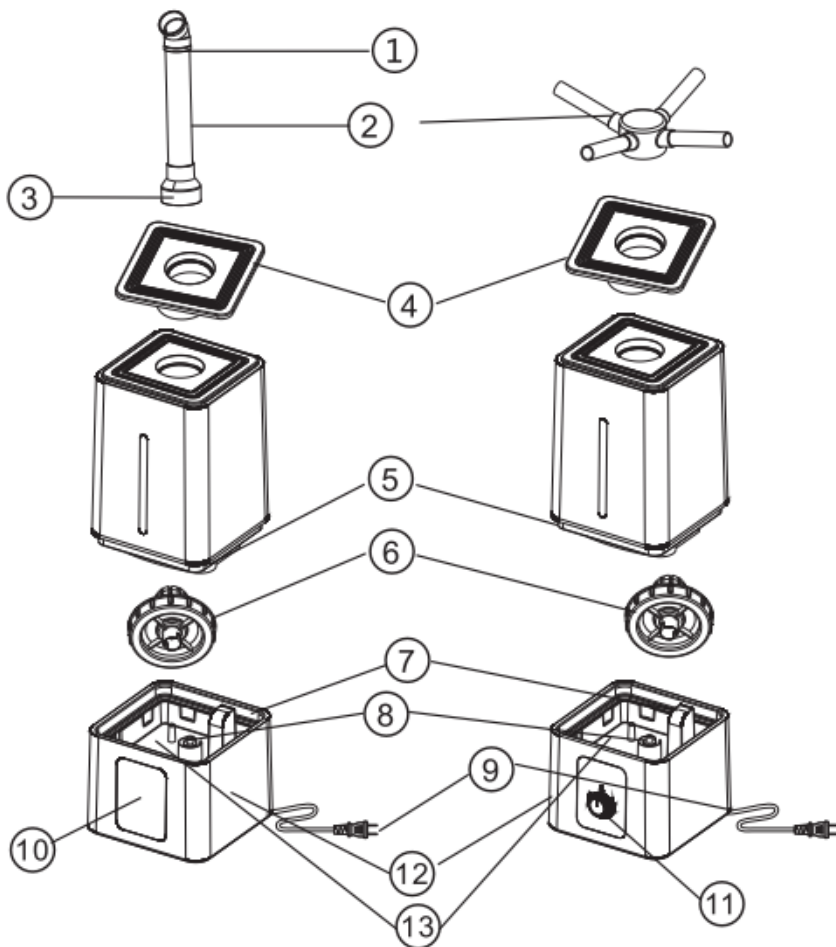

Product Name	Ultrasonic Atomizer
Model	FCUS0582
Voltage	~100V-240V 50Hz/60Hz
Power	220V
Type:	Mist Impeller
Evaporation	1350ml/h,
Fog output	3KG/H (heavy fog Ultrasonic nozzle)
Material	ABS
Capacity	13L
