## Technical Specs

<b>Product Name</b>	<b>Portable Water Purifier</b>		
<b>Model</b>	<b>FCWP260</b>	<b>Color</b>	<b>White</b>
<b>Product Dimension</b>	<b>300*275*365mm</b>	<b>Weight</b>	<b>8.5KG</b>
<b>Chassis Material</b>	<b>100% Eco-friendly New ABS</b>	<b>Power</b>	<b>0(Without electricity)</b>
<b>Water pressure</b>	<b>0.15-0.3Mpa</b>	<b>Clean Water Output</b>	<b>4L/Min(0.2Mpa)</b>
<b>PH</b>	<b>7.35-8.0</b>	<b>Temperature</b>	<b>5°c ~ 45°c</b>
<b>Filter</b>	<b>High Quality PP Cotton Core Filter, Activated Carbon + KDF Filter, Ion Exchange Resin Filter, Natural Mineral Stone Filter, Energy Stone Filter, Ultra Filtration Membrane Filter, Posted Activated Carbon Filter</b>		

## What is the advantage of UF Water Purifier?

1. 7 Filters system, easy to change the filter inside.
2. Large water flow, 4 times as the conventional water machine. Direct drinking
3. Top water source, Alkaline water
4. Portable, table top designed.
5. Eliminate carcinogen and heavy metal ion in the water
6. Curb bacteria, enhance the resistance to improve energy
7. No electricity operated, saving energy

### Hi Tech 7 Stages Filter Alkaline Ionizer Portable Table Top Water Purifier

7 Stages home use uf water purifier

Size: 300\*275\*365mm

New Weight: 8.5KG

Water Pressure: 0.15-0.3Mpa

Clean Water Output: 4L/Min

PH: 7.35-8.0

## 7 FILTERS SYSTEM

### 5 MICRONS HIGH QUALITY PP SEDIMENT

With the average pore size of 5 microns, thoroughly removes substance in water, such as sand, insects, algae, rust, mud, colloid, sediment, etc.

### KDF+GRANULE COCONUT ACTIVATED CARBON FILTER

The absorption capabilities of coconut carbon further removes residuals as pesticides, fertilizer, and organic pollutants, removal of chlorine and odor, it also adds sweet taste to water. KDF can remove chloroform, dissolved aluminum, mercury, nickel, Arsenic and other metal compounds.

### ION EXCHANGE RESIN WATER SOFTEN FILTER

It softens the water by removing calcium and magnesium ions through ion-exchange. Keep people away from lithiasis which is caused by drinking hard water for a long time.

### NATURAL MINERAL STONE FILTER

Contains all kinds of minerals and elements that are necessary for human body like Potassium, Sodium, Phosphorus, Zinc, Strontium, Iodine, Metasilicate, etc.

## ALKALINE STONE FILTER

It changes the water to alkaline with PH levels of 7.5 to 8, balance body fluid and improves acidic condition.

## ULTRA FILTRATION MEMBRANE FILTER

With the average pore size of 0.1 micron, thoroughly removes substances including particles, suspended matters, bacterial, virus, and further eliminates macromolecule organics.

## POSTED ACTIVATED CARBON FILTER

Restraints bacterial growth, further removes unwanted taste and odor like chlorine, makes the water taste sweet.
