

FCWP223

Kitchen sink water tap purifier UF purifier water

Safe and durable

High-class and fashion

Compact Size

Inexpensive Price

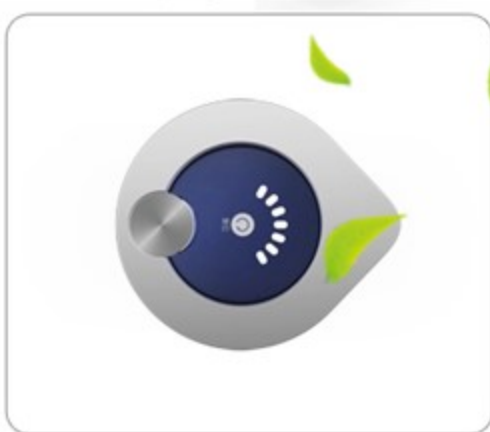

Strong Filtration Capacity

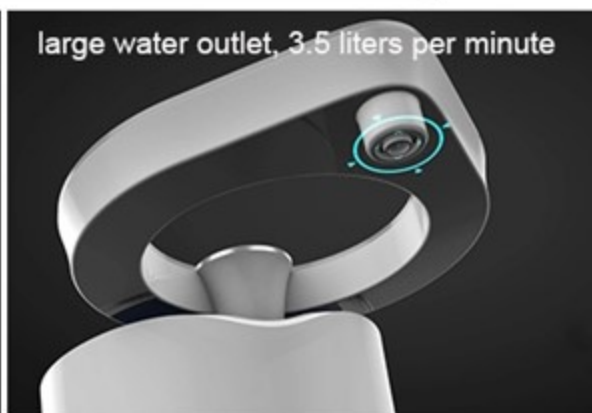

Smart Filter Replace

Technical Specs

Product Name	Desktop Water Purifier		
Model	FCWP223	Color	White
Product Dimension	168*180*325mm	Weight	2KG
Chassis Material	100% Eco-friendly New ABS	Rated Voltage	DV3V
Water pressure	0.15-0.4Mpa	Water Flow	3.5L/Min
Water Volume	4500L	Temperature	4°c ~ 38°c
Filter	Pre-Filter (Optional) + Alkaline Stone Filter + Activated Carbon Filter + Ultra Filtration Membrane Filter		

360° rotating faucet
without lead

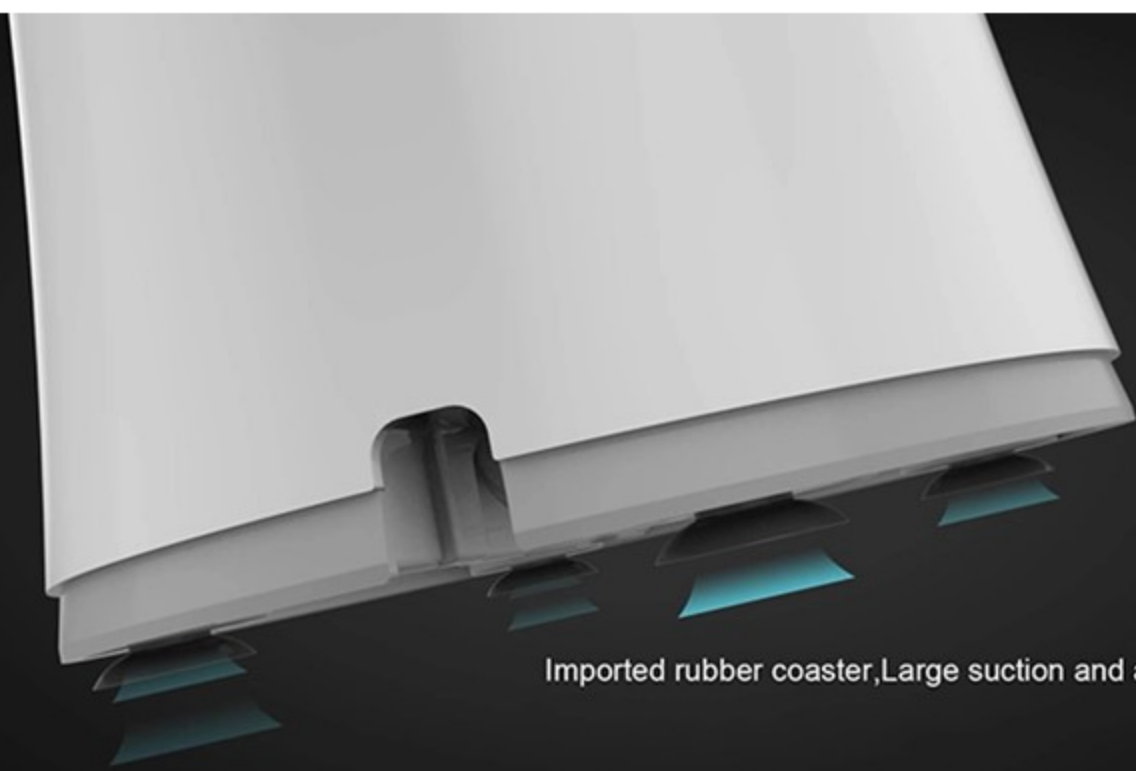

large water outlet, 3.5 liters per minute

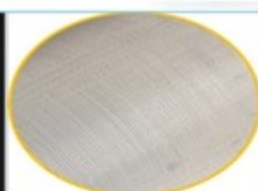

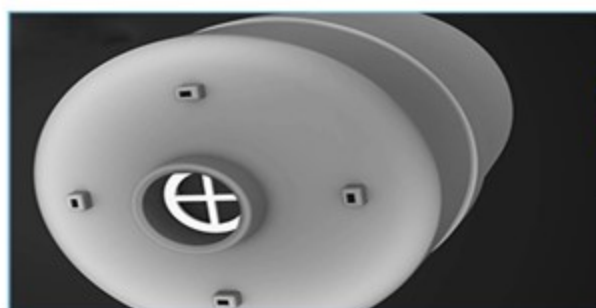

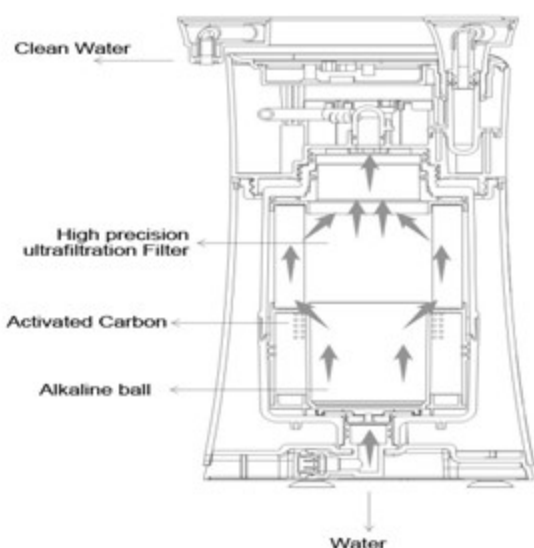

4pcs #7 batteries
safety and
anti-electric shock

Intelligent monitoring filter life indicator,
Reset and re-monitor after filter
replacement

Imported rubber coaster, Large suction and anti-overtum

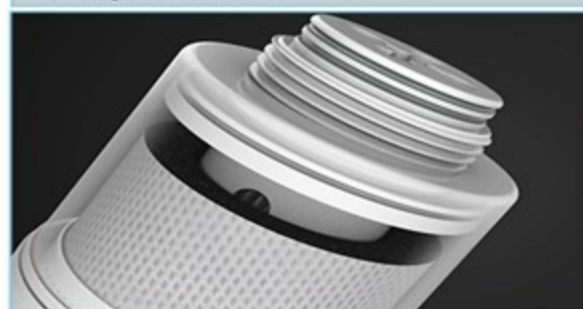

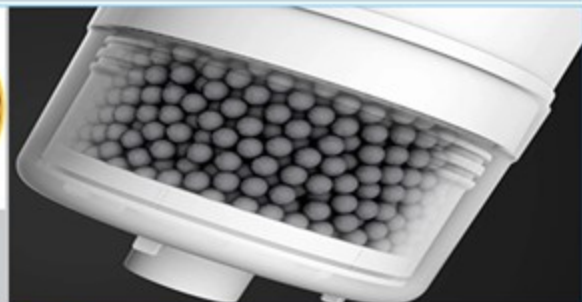

Pre-Filter

Thoroughly remove the sediment from the water, rust, sand, debris, debris, etc.

Alkaline Stone Filter

It change the water to alkaline with PH levels of 7.5 to 8.0, balance body fluid and improves acidic body condition.

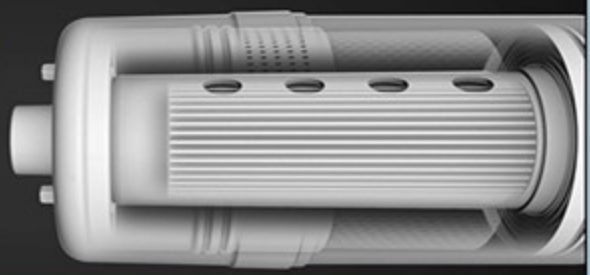

Ultra Filtration Membrane Filter

With the average pore size of 0.1 micron, thoroughly removessubstance including particles, suspended matters, bacterial,virus, and further eliminates macromolecule organics.

Activated Carbon Filter

The absorption capabilities of activated carbon further removes as pesticides, fertilizer and organic pollutants, removal of chlorine and odor. It also adds sweet taste to water.

DESKTOP WATER PURIFIER

Heathy drink, healthy cook, healthy life.
